Presidents Note

Well, we've had some what of a busy month with both our Fun Fly event and the San Luis Airport Day as well. I think everyone enjoyed the Fun Fly day, especially the great food. Thanks to the chefs and the folks that brought side dishes. We have had a suggestion that maybe next year we try to incorporate some contests, with prizes just to add to the fun and enjoyment of the spectators. We will make sure that happens.

Regarding Airport Day, I want to thank all of you who participated and helped with the displays , etc. Although this year seemed to be a little lighter in overall attendance, SLOFLYERS had a good draw with lots of questions and compliments on the displayed aircraft. Unfortunately the wind came up early and strong and being out close to the runway we took a beating in terms of things flying around. Next year we will request a booth space more in the wind shadow of the buildings to prevent any potential damage. I'm told that following completion of the airport runway and other modifications the event might be moved to the other side of the facility, with the possibility of us being able to provide some for of flying demonstrations. Please join us at our next meeting the second Saturday of Sept. Tony Gallo

Note: we had a work party that got a start on the repairs on Friday, Aug 17th, but there is still work to be done before the trailer can be painted.
